2015/13 Matters Arising

- a. Mr S Butcher Powys CC attended the meeting regarding devolving the recreation area at Llanspyddid. Due to budget cut backs Powys CC are trying to devolve some facilities to Town & Community Councils and playing areas are now being offered. Powys CC

have only one sports field under it's control and also leisure centres will also be privately run. The community of Llanspyddid have done lots of fund raising towards the upkeep of the field and equipment but would prefer to leave it under county council control. Cllr. Keylock asked about the current upkeep cost, but this only involves grass cutting at present, should it be privately maintained insurance would have to taken into account.

The question of grass cutting was asked and Mr Butcher said that there will always be a level of maintenance and communities would be given plenty of warning if contracts change. He was asked what would happen if community councils declined to take on facilities, he said that they would remain with the county council.

Mr Butcher reported that there will be more devolvement of facilities in future and more work will be given out to contractors resulting in redundancies. He also said more powers will be given to Town Councils.

Cllr. Keylock asked if Mr Butcher would do a ROSPA test on the Libanus play area which he agreed to do.
